FALL DOWN CELLAR STAIRS IS FATAL TO LOCAL TAXI DRIVER

Edward A. Irwin Dies In Lawrence Memorial Hospital As Result of Injuries Received In Accidental Fall—Was Well-Known Son of Retired Police Officer—Met Death While Visiting Friend—Police Investigate Fatal Accident—Detailed Report Is Expected.

Another fatal death was recorded in Arlington yesterday when Edward A. Irwin, of 25 Central street, died at the Lawrence Memorial hospital as the result of injuries received in a fall down a flight of stairs at the home of Mrs. Mary Brennan, 37 South street, Medford shortly after one o'clock a. m.

The victim of the fatal accident was the son of Andrew Irwin, prominent retired Arlington police officer. He was thirty-nine years of age and a very well-known in this town being a World War veteran and employed as a taxi driver.

Investigation of the circumstances which led to the death, reveals that Irwin went to the Brennan home about 9:45 to visit John Brennan. Police believe that Irwin was attempting to go to Brennan's room, became confused with the doors opened the cellar door and fell to the foot of the stairs. He was unconscious when found.

Mrs. Brennan told the police that she heard groans in the cellar and investigated. She said she found Irwin at the foot of the stairs with a suitcase. She called the police, and Sgt. M. J. Brown, J. C. McGrath and Patrolman Conlon went to the scene and took Irwin to the hospital.

He was pronounced dead by Dr. John W. Gahan, Medical Examiner Charles McCaffrey of Somerville viewed the body and ordered it taken to the undertaking rooms of Edward J. Gaffey, on High street.

Chief of Police Daniel W. Connors and Lieut. John B. A. Buffum are investigating the case.

MUNICIPAL HEADS ASK THAT STATE PAY LAND DAMAGES ON NEW ROAD

A request that the State pay part of all of the land damages which will be necessary in the construction of the new street highway through Arlington Heights, if a proposed legislative bill for the new road should be passed, was the highlight of the special conference called by the Senate Ways and Means committee at the State House yesterday afternoon. The bill for the construction of the new road is now before that committee which is expected to report favorably to the Legislature.

William O. Hauser, chairman of the Arlington board of selectmen, represented this town at the conference yesterday afternoon. He said, Arlington is interested in this proposed by-pass which would divert through-traffic from Massachusetts avenue to the outskirts of the town. But, it is also interested in having the State bear the expense as far as possible in order that the local tax will not be increased too much.

He again told the committee that the by-pass would be a distinct asset to the town in that it would relieve the present congestion in the business center where local townspeople are hampered in doing their shopping because of the heavy through-traffic. However, he emphasized the fact that the town would find it difficult to reimburse the state for land damages which the state will have to pay property owners wherever the road goes through. It has been proposed originally that the towns in which the road will pass shall pay for these damages and that the State itself would pay for the actual construction of the road.

Representative Crosby and Senator Warren also attended the conference on Beacon Hill yesterday afternoon. Selectmen from Lexington, Concord and Lincoln through which the highway will pass, were also present at the

They expect to come through with a victory that will prove their rights to a berth in the league.

OUR MISTAKE

The Daily News wishes to correct a statement made in its issue of last Wednesday. In reporting an accident, which involved a sedan operated by William J. Wood of this town and a coupe driven by Max Schuller of New Hampshire, it was reported that Miss Bertha Hilchey of Cambridge

who was injured in the accident, was riding in Wood's car. This was an error made unintentionally. Miss Hilchey was a passenger in Schuller's auto. The News gladly retracts its original statement.

LOCAL DRUM CORPS TO COMPETE IN ALL-STATE CONTESTS TOMORROW

The Arlington Girl Scout Drum and Bugle corps under the direction of Mrs. Towne will take part in the State-wide competition which takes place at the Boston Arena tomorrow. The Arlington corps will leave the old town hall at 11:45 a. m. for Boston.

The local corps stands a good chance of winning first place honors, having qualified for the State contest at a preliminary competition which took place in Newton on April 27. Mrs. Towne, of Arlington, will be official judge in drum major work.

The complete list of corps competing is as follows: Arlington, Bedford, Dorchester, Fall River, Holyoke, Lowell, Lexington, Melrose, Northam, Newton, Quincy, Springfield, Swampscott, Winchester, Worcester. Drum majors who will compete include Norma Lovejoy, Bedford; Ruth Buckman, Lowell; Edith Chamberlain, Lexington; Dorothy Tardieu, Melrose; Phyllis Brown, Needham; Ann Cummings, Newton; Margaret MacDonald, Quincy; Edith Largo, Swampscott; Anita Wilson, Winchester; and Lila Melselman, Worcester.

Girl Scouts from all over Massachusetts will assemble at the Boston Arena for their noisiest day, of tooting and drumming and marching, in the most spectacular event in the year's program. Fifteen bugle and drum corps, selected through elimination trials throughout the State, and their drum majors, with 15 individual buglers and 14 drummers, will compete for State honors. The contest will start at 10 a. m., and will last all day, with awards probably about 4 or 4:30 p. m.

Mrs. Walton S. Redfield of West Newton is again chairman of the committee in charge of this event, assisted by a committee which includes Miss Margaret Ball as secretary, and Mrs. Charles E. Stevens of Cambridge as floor director. The other members of the committee are Mrs. M. B. Wolfe of Bedford, Mrs. Charles E. Pike of Wellesley, Mrs. Ward Bushee of Holyoke, Mrs. Ernest Nichols of Lexington, Miss Helen Lincoln of Quincy, Mrs. Walter H. McGee of Dorchester and Mrs. Karl Richards of Needham.

Last year's "champions" will again compete for highest honors this year, the Holyoke Bugle and Drum Corps, headed by Drum Major Stella Langlois. The State drum major, however is Dorothy McGee of Dorchester whose corps, one of the "runners up" last year, is an even stronger contender for State honors this year. Miss Elizabeth Hovey of Newton, last year's State bugler, will play again, and so will Miss Margaret Chase of Lowell, State drummer. The morning on Saturday will be devoted almost entirely to individual competitions in bugling and drumming and "drum majoring," and the choice of three contenders in each activity for the afternoon session. The spectacular session will come after luncheon, when the finalists will play again, and the 15 corps will play and

march and maneuver. In addition to the State honors banner, others will be awarded to the corps showing distinction. The judges will be army officials, bandmasters, professional musicians and others entirely outside the Girl Scout organization.

ARLINGTON BOYS ENJOY GENERAL SHOP COURSE

Have you ever walked in upon a group of boys in some school only to find them perfectly contented and getting a big kick out of their work? Perhaps not, for boys don't usually get much of a thrill out of school. However here's one exception where Arlington boys wouldn't miss class for anything. It's the group of lovely youngsters taking the General Shop course which is offered at the old Parmenter school, corner of Irving and Academy streets.

Here, forty-eight students under the supervision of Roland A. Bourdon, popular instructor, work daily and learn to make useful things in a most orderly workshop. All these pupils are junior high school boys from all over town. And, they take their work quite seriously. Proudly, they'll show visitors samples of the work which have been completed during the past few weeks. Here, they'll show you some fine sheet-metal work, quaint antique lamps and scores of other artistic pieces of work. They'll point out an odd-shaped Spanish lantern which was made by their instructor as a model. Then there's wrought iron work which includes andirons and flower stands that would pass the test in any gift shop.

In addition, the boys are also getting thorough training in wood work and the elements of electricity. The fine pieces of furniture made by these boys would certainly grace any living room. They include foot-stools, magazine racks, smoking stands and countless other handy pieces of furniture. As for the electrical course, the boys are trained by means of a special board on which diagrams are laid out and apparatus wired. Mr. Bourdon likewise instructs this department.

And does the instructor enjoy the work? Well, just ask him, and his broad smile will convince you that he most certainly does. The principal reason is that his pupils enjoy the work and enjoy following out his instructions. He doesn't go about his work as a "ruler," but rather as an advisor. Yet, the boys are not allowed to do any slipshod work. Everything must be done to perfection; everything must require attention on the part of both instructor and pupil. Yet, all enjoy it thoroughly. Much of this successful course depends upon Mr. Bourdon, a graduate of Fitchburg Normal school and, incidentally, a native of that city.

Mr. Bourdon resides at 10 Highland avenue, Arlington. In addition to his work here, he is taking a graduate course at Boston College. And here's a secret. Mr. Bourdon might be quite capable as a supervisor of music

Yet, the boys are not allowed to do any slipshod work. Everything must be done to perfection; everything must require attention on the part of both instructor and pupil. Yet, all enjoy it thoroughly. Much of this successful course depends upon Mr. Bourdon, a graduate of Fitchburg Normal school and, incidentally, a native of that city.

Mr. Bourdon resides at 10 Highland avenue, Arlington. In addition to his work here, he is taking a graduate course at Boston College. And here's a secret. Mr. Bourdon might be quite capable as a supervisor of music

ing and Academy streets. Here, forty-eight students under the supervision of Roland A. Bourdon, popular instructor, work daily and learn to make useful things in a most orderly workshop. All these pupils are junior high school boys from all over town. And, they take their work quite seriously. Proudly, they'll show visitors samples of the work which have been completed during the past few weeks. Here, they'll show you some fine sheet-metal work, quaint antique lamps and scores of other artistic pieces of work. They'll point out an odd-shaped Spanish lantern which was made by their instructor as a model. Then there's wrought iron work which includes andirons and flower stands that would pass the test in any gift shop.

In addition, the boys are also getting thorough training in wood work and the elements of electricity. The fine pieces of furniture made by these boys would certainly grace any living room. They include foot-stools, magazine racks, smoking stands and countless other handy pieces of furniture. As for the electrical course, the boys are trained by means of a special board on which diagrams are laid out and apparatus wired. Mr. Bourdon likewise instructs this department.

And does the instructor enjoy the work? Well, just ask him, and his broad smile will convince you that he most certainly does. The principal reason is that his pupils enjoy the work and enjoy following out his instructions. He doesn't go about his work as a "ruler," but rather as an advisor. Yet, the boys are not allowed to do any slipshod work. Everything must be done to perfection; everything must require attention on the part of both instructor and pupil. Yet, all enjoy it thoroughly. Much of this successful course depends upon Mr. Bourdon, a graduate of Fitchburg Normal school and, incidentally, a native of that city.

Committee For Benefit Show Is Well Known Here

The following committee, headed by Mrs. Laura Hallisey, will have charge of the benefit show, "Sweetheart Revue," which will be presented in St. James' Hall, Arlington Heights next Monday evening.

Mrs. Katherine Kelley, Mrs. Lillian Falvey, Mrs. Helen Quinn, Mrs. Florence Cashman, Mrs. Mary Kenney, Miss Winifred King, Miss Anne Heaney, Miss Elizabeth Gallagher, Mrs. Eleanor Whalen, Mrs. Marcella Mullen, Mrs. Rosetta O'Connell, Mrs. Rose Hardy, Mrs. Francis Campbell, Mrs. Mary Clarke, Mrs. Alice Horton and Mrs. Mary Boyd.

This will be for the benefit of the New Church Building fund. Miss Laura A. Hallisey, the director, is presenting several of her pupils in novelty songs and dances. Even older folks will enjoy "Put on Your Old Grey Bonnet," a feature number, as well as "The Penthouse Serenade" and "Bend Down, Sister," two big hits. John Hallisey, who has studied under Miss Hallisey several years, gives his conception of a Military Tap.

The entire company consists of twenty-five men and women and the sale of tickets shows promise of a very large attendance. A children's performance will be given Sunday at 3.30, May 8, at St. James' hall.

Dancing will follow the Monday evening performance.

Plans for Dance On May 13 Completed

THE ARLINGTON TRADE SHOW

Arlington is to have a Trade Show on May 10, 11 and 12 of next week signifying that this community is alive to the fact that if merchants are to sell their wares the public must be informed about them.

Arlington has many diversified lines of industry and its merchants, manufacturers and bankers are to be commended for making this effort to stimulate interest in home products. At this show will be exhibited the merchandise of most of our leading merchants along with exhibits by our bankers, newspapers and others who are cooperating in this worth-while community enterprise. Special values and prizes will be offered by many of the exhibitors and style shows for men and women, high grade entertainment and music, all under the personal direction of Walter Field will make this occasion one long to be remembered.

Every community owes it to itself to enter whole heartedly into these events which tend to make for a better community spirit. Arlington is rich in historical interest, is a fast growing community and the public should show its appreciation to the progressive concerns who are exhibiting by attending in large numbers. Let us all join in making it a real success.

HOW TO LOWER AUTOMOBILE INSURANCE RATES

"The only right way to reduce automobile insurance rates is to get at the causes of the increased rates and remove those causes," said Albert W. Whitney of the National Bureau of Casualty and Surety Underwriters, recently. "There are two such causes, first, an increase in the number of accidents and hence in the number of claims, and, second, an increase in the amount paid per claim. A community that chooses to have its injuries require the companies to make large payments for minor injuries must be prepared to pay the cost in largely increased rates."

What this amounts to is that it is within our power as citizens to pay as little or as much for automobile protection as we wish. Last year some 35,000 people were killed in motor accidents and hundreds of thousands were injured. Property damage ran into a gigantic sum. Carelessness, recklessness and incompetence have run riot on our highways, and we have to pay for it in high automobile insurance rates.

As for the size of judgments, there is no desire on the part of insurance companies to deprive the victims of accidents of just compensation. But every citizen should be interested in preventing faked and illegitimate claims, of which great numbers appear in the courts or are settled outside of court, and in seeing that large judgments are not given to slightly injured persons. Sentiment, ambulance-chasing lawyers and dishonest doctors have made a profitable racket out of pressing unjust claims.

The insurance companies are as interested as the motorist in bringing rates down. Lower rates will mean more business for them. But rates will stay up, and will rise still higher, unless the present tendency is corrected.

Dates to Remember

May 7, 1915

This is the memorable date upon which 124 American lives were lost through the sinking of the Lusitania off the Head of Kinsale, Ireland, by the attack of the German submarine, J-20, under the command of Captain Schweiger. This was the final outrage which led to America entering the World War.

Single events frequently have far-reaching effect in the lives of individuals as well as of nations. One event which can have a far-reaching effect in your life, is the opening of a share account at this bank.

Daddy Sunshine Club Rules

1. Be kind and helpful to others.
2. Look both ways when crossing streets.
3. Always be kind to dumb animals.
4. Write a letter to Daddy Sunshine, or write Mother or Dad while it for you, every now and then.
5. Try to bring a "Ray of Sunshine" into the lives of your parents and others every day of the week and every week of the year.

These rules are not very difficult for good girls and boys to keep. Most of them are kept by them anyway. All your letters and stories to Daddy Sunshine, in care of this paper. He will answer them in the Daddy Sunshine Column.

Write on but one side of the paper, and place your age and address on the letter after your name. Give the day, month and year of your birth.

To join the club all you have to do is promise to keep the rules—and keep them.

Re-surfacing Along Avenue

Employees of the Arlington public works department are re-surfacing a section of Massachusetts avenue along the sidewalk on the north side of the avenue. The stretch, running close to the sidewalk and is five feet wide, has been torn up from the railroad crossing at Mystic street, in an easterly direction as far as Woman's restaurant.

Gravel is being laid and will in turn be covered by a macadam surface. The work is being supervised by Superintendent Edward O'Brien.

Of all who heard her, Daddy Sunshine and "Mal" were also in the show. There were a number of the club members, 50 of them, in the big pageant that was put on before the show, and at which Miss Rebecca A. Sullivan was special reader. The children all did splendidly.

Baby Ruthie Laurie and her sister Teresa, presented several dances at the reception given Rev. Fr. Fahey of Our Lady of Pompeii church, Florence street, Boston, on Tuesday night. It was a farewell reception to the good Father who was leaving the church to take up the pastorate of Our Lady's church in Newton. Ruthie and Teresa received a great hand. Both these young ladies have been heard time and again on the Daddy Sunshine broadcast and may be heard every Wednesday and Saturday mornings from Station WBOS, Babson Park. Teresa and Betty Thorson, another active sunshiner, alternate as mistress of ceremonies on the Babson Park programs.

Daddy Sunshine would appreciate any news about the members of the club, such as those who are sick or who go here and there, or have parties of any kind, to publish in this column.

So don't be bashful—send in all the news you know about yourself or your friends. Make the column more interesting.

Two hundred pounds of silver paper were received from George W. Paul, 54 Elm street, Melrose. Mr. Paul collected this tin foil from many little girls and boys in Melrose and kindly brought it here so that it will go with the large truck to the Crippled Children's hospital with the entertainers of the club sometime in June or July. Baby Lenore Simmons of 284 Cambridge street, E. Cambridge, gave Daddy Sunshine 20 pounds.

An Arlington Miss
Dear Daddy Sunshine:
I have not written for a long time but I have not forgotten you. I read the News every night and look forward to reading the letters from the children. My daddy and mother enjoy reading it too. Sunday is Mother's Day and I have got a big surprise for my mother. I won't say what it is for she will be reading this letter you now. Dad says he has a surprise, too. When is Father's Day? Say, when are you going to put on the Sunshine matinee at the Capitol again? I hope it will be soon. We all enjoyed it so much. I was in the wedding of Jack and Jill when "Mal" put it on and had lots of fun. Let me know how soon you start again. Well, guess I'll close now. Sincerely,
Margaret Low
Arlington Heights

Pleased to hear from you again, Margaret, and more than pleased to learn you enjoy reading the column. Have you any little friends who would like to join the club. All they have to do is to write a letter to Daddy Sunshine at this paper and he will see to it that their names are printed on the club's roll. Happy also

TROOP 18 HAS EVENTFUL HIKE

Troop 18 of Arlington had a number of experiences, some pleasant, others not so pleasant, on their hike to Bourneville, Cape Cod, last Saturday and Sunday. Rain and forest fires caused some trouble and inconvenience, but for the most part the trip was delightful and the 21 scouts and 7 committeemen, lead by Scoutmaster, G. P. Langdon voted the outing a great success.

The trip was made by automobile. Upon arriving at Bourneville tents were pitched by patrols and supper cooked. At 9 o'clock however, when ready to settle down for the night it was found necessary to pull down the tents and bunk in the cabins because of the forest fires that were raging not so far away. A fire watch was kept all night.

Rain was coming down steadily Sunday morning when the troop rose and after breakfast camp was broken and the troop started for home, visiting the herring run at the canal and other points of interest en route.

TROOP 8 AT CAMP OAK

Sixteen scouts from Troop 8, Arlington, under the leadership of Scoutmaster George K. Rugg and Junior Assistant Scoutmaster Ernest Steele spent Saturday and Sunday at Camp Oak and reported a fine time. Considerable work was done on advancement by many of the scouts, a number of needed jobs were done about camp, especially the carting away of junk and refuse left from the construction of the cabin and the usual games were played. Each scout cooked his own meals. Two of the scouts, while on a hike some distance from camp, ran into a fire that had made some headway. Instantly they went to work and by a dint of much effort put out the fire and so prevented considerable damage as the woods were very dry. The trip home was made Sunday afternoon.

NEW COURSE STARTS

A new training course for scouts was started last Thursday evening in Junior High East, Arlington, on "The Elements of Scoutmanship." Thirty-two men were present. The course was outlined by Chairman L. L. Dudley of the Leadership and Training Committee and work begun. In order to show scouts just what goes at meetings of Sackem Council Executive Committee, a regular meeting of the committee was held before the members of the course under leadership of Pres. Robert Trask of the Council. Reports were listened to from the various chairmen of committees and regular routine business transacted. Later in the evening Honorary President Harold L. A. Frost gave a brief but very interesting history of the Council and George B. C. Rugg spoke on "Dangers and Pitfalls of Boys." The meeting wound up with the usual closing exercises.

All In A Week

By Joseph D. Callahan

The recovery of the bodies of the three little boys who were drowned at Spy Pond while canoeing brought to a climax, this week, one of the saddest catastrophes that has ever occurred in this town. The boys could swim only fairly well and apparently they did not realize how light and unstable a canoe is. All the sorrow of their parents to this however does not alleviate whom we offer our profound sympathy.

If we must have canoes and boats at Spy Pond the town should provide either an experienced swimmer to chaperone each party of novices, or an allotted time should be set for canoeing and boating at the pond with a police patrol boat in use during that time.

Miss Dorothy Pluta of Edgehill road was one of the leading players in the Gilbert and Sullivan Opera "Pinafore" which was presented in Jordan Hall, Boston recently. Miss Pluta graduated from Arlington High school in 1931 and was active in local high school dramas during her high school days.

With the Harvard Interscholastic track meet scheduled for next Saturday Coach "Doc" McCarty's boys are practicing diligently. "Doc" has not the large array of talent to work with this year that he has had in previous years, however knowing the kind of teams he has produced in the past we may expect the squad to make a good showing when they invade the university city on Saturday next. Teddy Foster and Red Hanlon two bouncing sophomores look good in the 1-2 mile event. In the mile run Capt. Marshall Rice will have the support of Bill McDonald and Alphonse Gariepy. Laurin Phinney and Eddie LaFond are the two dynamiters who will perform in the dash.

It's sort of queer that those who consult fortune tellers about the future of their securities never stop to wonder why the seers aren't millionaires themselves.

John Gruber of Wachusett avenue, Arlington Heights received honorable mention in a piano playing contest held at the New England Conservatory of music recently. John was one of the ten contestants who was required to play one piece from Bach, one from Beethoven, and one of personal choice. Mr. Gruber played a selection of Chopin's as his personal choice.

"The day of the cheap cynic has passed," Mr. Will Hays says in an address this week. That is good news for the Cynic's Union, which for many years has been working at ruinous rates, rates that don't begin to pay the overhead. Cheap cynicism is a contradiction in terms; there is nothing but cynicism—and cynicism is costly; you don't acquire cynicism except at a terrific expense. Our guess is that no matter how much a man gets for his cynicism he never breaks even.

Cheap Cynicism! As for instance, Mr. Hays?

The Gill Club of the First Parish Church presented the three act comedy "Chintz Cottage" by Beulah King in the Church Vestry this week before an appreciative audience. The splendid cast included: Roberta Bailey, Elizabeth Low, Dorothy Smith, Edward Bailey, Mary Turner, Richard Davis and Beatrice Von Baur. A social hour was enjoyed following the performance.

ARLINGTON AWAITS

Continued from page one

nality, quality, educational value, advertising appeal, amount and skill of workmanship and cost, all five outstanding displays, because they know there will be many exhibits never before seen at any exhibition.

The judges selected by the Arlington Chamber of Commerce are William O. Hauser, chairman of the Arlington Board of Selectmen, Senator Charles C. Warren, and Representative Nelson Crosby. The judging of all displays will take place Tuesday evening. The results will be announced on that evening and the awards will be presented on Wednesday evening at 8 o'clock. Music will be a feature and will be furnished entirely through electrical transcription. Amplifiers will be installed and the public address system will be used to carry all announcements through the same amplifiers that are supplying the music.

All food, ice cream and refreshments will be sold and exhibited in the corridor at the right of the hall. There will be literally hundreds of souvenirs given away by the different exhibitors, as well as many articles of merchandise to be given away absolutely free on numerous guessing contests to the lucky winners. Free samples of numerous specialties will be distributed both during the afternoon and evening.

Every afternoon the Charron Studio of Dancing will present several children's dancing acts especially for the entertainment of the children. Children are admitted in the afternoon for 10 cents and every exhibitor will see to it that the children are well provided for.

In the evening a very extensive Style Show, showing the very latest spring and summer styles in children's, ladies', gentlemen's and boys' wearing apparel on living models will be presented.

Frank Kelly's Men's Shop of East Arlington will stage the gentlemen's styles show, and if he presents the same type of Style Show that he did at the Lexington Trade Show held last fall, this one feature alone will be well worth coming miles to see.

Whalon's Dress Shop of East Arlington in cooperation with Nita Moses Hat Shop of Arlington will present complete ensembles of misses' and ladies' dresses, gowns, coats and hats.

The Bellows Shoppe will present children's wearing apparel on little kiddies. This fine store specializes in children's wear as well as ladies' garments of all kinds.

The general decorative scheme will be patriotic, and will harmonize completely with the beautiful interior of this building. Hundreds of extra lights, both colored and plain will carry out the decorative effectiveness of the entire picture.

The outside of the Town Hall will also be decorated in National colors, and a huge electric sign spelling the words "Trade Show" will flash the message that something unusual is taking place in Arlington.

Arlington business activities will be on parade for three days, all under one roof, to conclusively prove to the people of this community that practically every article of merchandising can be purchased from Arlington merchants, and it will not be necessary after the show is held for the people of Arlington to go out of town to purchase their wares.

Every booth in the building will be individually wired for an electrical outlet and all temporary wiring and connecting will be in charge of Gahm and Erickson Incorporated, electrical contractors.

Walter G. Field, personal director of Arlington's first Trade Show has engaged only the highest grade artists in their particular line to carry out every detail connected with the successful operation of this show.

Mr. Field is particularly desirous of showing the people of this entire vicinity what a real Trade Exhibit should be. Chambers of Commerce from all parts of Massachusetts will send delegates to the Arlington Trade Show, to watch with intense interest its success and reactions.

The Arlington Trade Show is deserving of the highest praise and commendation of this community. It is one of the most effective ways by which the aggressive merchant can reach the potential customer.

The Trade Show will promote and strengthen pride which perhaps has been allowed to languish during the past few years by bringing the people together and awakening within them a feeling of responsibility to the welfare and betterment of the community by aiding the local merchant, banker and manufacturer.

Problems of mutual concern will be discussed in an atmosphere of friendliness and visitors from all sections of Arlington will mingle freely, and from this Trade Exhibit, there will emerge a better understanding of the economic problems of the community.

Though a realization of their mutual dependability, the merchants, bankers, real estate and insurance brokers and townspeople can promote the interests of the community and incidentally bring to the town beneficial public life.

Don't miss seeing Arlington's first Trade Show. Your local merchants deserve your support.

BENEFIT PARTY TONIGHT
A chicken dinner, whist and bridge will be held in St. James' Hall, on Appleton street, Arlington Heights, this evening, under the auspices of the Sunday School Teachers' Association of St. James' Church. Mrs. Ethel Day is general chairman and Ralph Cartello will have charge of the whist. The proceeds are for the building fund of St. James' Church.

New Gen. Elec. Refrigerators At Trade Show

The General Electric will have an exhibit of their refrigerators at the Arlington Trade Show—May 10-12 in charge of men qualified to advise you on your refrigeration problems.

The American diet is gradually changing for the better. So declared J. A. Todd, Manager of the Arlington store of Gentsch & Thompson, Inc., local distributors for General Electric Refrigerators.

"Greens and other perishables are being added to the family diet," he said. "Foods which leading nutrition specialists and food experts declare should be on the daily diet are coming into popularity. Fresh and cooked vegetables are finding their proper place on the menu and the family table."

"Some nutrition experts place greens and milk above all other items on a proper diet and then add, that after such provision, anything else may be eaten that the appetite calls for."

"Proper refrigeration facilities in the home are necessary, especially in view of this changing diet. Perishables must be kept at a constant, proper temperature from the time they are purchased until they are cooked or eaten. Electric refrigeration gives the assurance of proper temperature."

RKO KEITH THEATRE

Manager Conrad Holmes of the New Keith Theatre will join the nation in paying tribute to American motherhood next Sunday when on that day he will personally present beautiful carnations to the first hundred mothers who attend his theatre.

A lovely screen tribute to mothers and special music in honor of the occasion by Leo Weber, Keith's young concert organist, will be additional features on the regular program which is headed by the vivid, pulsating drama, "Night World" featuring Boris Karloff, Mae Clarke and Lew Ayres.

RKO KEITH THEATRE

RKO Keith Theatre patrons this week can find the answer to the question of what goes on behind the gay music and carefree festivity of Broadway's night clubs in the vivid, pulsating drama, "Night World," featuring Boris Karloff, the fascinating star of "Frankenstein," Mae Clarke, and Lew Ayres and which has a cast including such popular stars as Dorothy Revier, Bert Roach, Hedda Hopper, Clarence Muse, and Dorothy Peterson. The closing sequences which show the power exerted in the conduct of the place by the gangster element of the city, brings to the screen some surprising and dramatic scenes.

"Night World" contains some spectacular chorus effects created by the celebrated Busby Berkeley who choose for this production twelve of Hollywood's most ravishing beauties who dance to the strains of Hal Grayson's Recording Orchestra in the glittering night club scenes.

Other RKO attractions include a hilarious comedy with Slim Summerville called "First to Fight," "Self Condemned," a Nick Harris Detective Story, a special Mother's Day film, and organ music by Leo Weber.

ARLINGTON PALS TO OPEN SEASON TUESDAY, MAY 10

Game At Spy Pond Field In Arlington To Be Opener of Suburban Twilight League—Selectman Will Throw First Ball—Arlington Post No. 39 American Legion Band To Play Between Innings—Pick of Local Players In Lineup—Games for May Announced.

The Arlington Pals, the only veteran young men's organization in the town, start their baseball season next Tuesday when they take on the Hyde Shoe Company, formerly the Somerville Cubs. The game is to be played at Spy Pond field and the first ball is to be thrown out by a selectman at 6:15 p. m.

The Pals are members of the Suburban Twilight League and much interest is expected over their advent into this better brand of ball playing. The Pals have an all veteran back again this

With two successful seasons already this athletic year, the Pals intend to make it three, with the addition of baseball. A tremendous crowd is expected to witness the opening of the Pals' second year on the diamond, Arlington is a baseball town and they will flock to see a team that shows any sort of promise. It has been many years since a real team has represented Arlington, and the people want another winning team. Teams composed of men like Dave Shean, Leonard Collins, Doc Gauthreau, King Bada, Red

year and one or two additions to their fine pitching staff. With all the boys, local, and from all parts of the town, there is interest for all who are to see the Pals for the first time in the new Suburban League. There will be many kinds of entertainment. One of the selectman or possibly all will attend. One will throw out the first ball of the season, formally ushering in the opening of semi-pro baseball in Arlington. For entertainment during the game, the crack band of the American Legion will supply many musical pieces. The Legion band will demonstrate the fine results which come from real talent and hard practice.

Cadigan, Winger McCarthy, Joe Tole, Brainerd Bower, Bill Robinson, Crab Ryan and John Hendrick. There are players as good on the Pals now and the only way that it can be seen is to watch them in action at the opener next Tuesday.

The probable lineup will be on the mound, Alex or the new star Harry Lane; first base, Marcellina; second base, Serika; third base, Connors; short stop, Dolan; left field, Dorrington; center field, Lionta; right field, Spinn, and catch LoPrelli. This is only a guess and others who have as much chance of starting are O'Leary, Condon, Jones, Doherty, Forest and Martel.

The Pals will play the following games during the month of May:

May 10—Hyde Shoe Company, at Spy Pond Field.
May 11—Cambridge Red Sox, at Raymond Field, Cambridge.
May 17—Cambridge Red Sox, at Spy Pond Field.
May 18—Malden Club, at Ferry Green, Malden.
May 24—Hall's All-Stars, at Spy Pond Field.

May 25—Hyde Shoe Company at Lincoln Park, Somerville.
The remainder of the games scheduled by the Pals for the summer will be published in the Daily News at a later date.

Christian Science Sermon for Sunday

Adam and Fallen Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, May 8.

The Golden Text is: "Man that is born of a woman is of few days, and full of trouble. He cometh forth like a flower, and is cut down; he fleeth also as a shadow, and continueth not" (Job 14: 1, 2).

Among the citations which comprise the Lesson-Sermon is the

following from the Bible: "And God said, Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the fowls of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth. So God created man in his own image, in the image of God created he him; male and female created he them" (Genesis 1: 26, 27).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to

the Scriptures" by Mary Baker Eddy: "The Scriptures inform us that man is made in the image and likeness of God. Matter is not that likeness. The likeness of Spirit cannot be so unlike Spirit. Man is incapable of sin, sickness, and death. The real man cannot depart from holiness, nor can God, by whom man is evolved, engender the capacity

or freedom to sin. A mortal sinner is not God's man" (p. 475).

"Any
Odd Jobs
MA'AM?"

A NEW screen door? Shutters painted? Lots of capable men need work ... and can't find it. Let's see what can be done to help—will you? Being in the electric business, the special thing we think of is work for an electrical contractor ... installing new outlets for added convenience—on the porch, perhaps, so you can read there on summer evenings ... a light for a dark closet that goes on automatically as the door is opened, and off the instant it's closed ... a modern new ceiling fixture for the kitchen that gives you a light like daylight to work in.

You will help! That's fine! If you'll get in touch with your local Job-Finding Office, they'll supply a man for the work—or, if it's more convenient, tell us the "clean-up, paint-up, fix-up" jobs you want done—and we'll turn this over to them ... We also might add—won't cost much to get this work done—prices are the lowest in years.

POPULARITY CONTEST SPONSORED BY NEWS WILL CLOSE TUESDAY

Interest Among Contestants Now at High Pitch—Many Votes Coming In Daily—Coupon Appears On First Page of Daily News Today—New Contestants Still Have Chance—Winner To Be Announced Next Friday—Doll House Is Special Prize.

Next Tuesday, at midnight, will be the deadline for the School Girl Popularity Contest which is being sponsored by the Arlington Daily News. No votes for contestants will be accepted after that time. Any votes that are mailed to our office, post-marked before midnight Tuesday, will be acceptable.

With only a few more days left for aspirants to the title of "Arlington's Most Popular Schoolgirl," the cast their votes, interest will be at a high pitch. Votes for various contestants have been pouring into the office of the Daily News at 23 Mystic street, especially during the past week as the time before the close of the contest is now short.

Ten-year-old Muriel McDonald of 49 Sherborn street and Peggy Bond, nine-year-old, of 42 Brantwood street are leading all other contestants and fighting for

first place honors. Miss McDonald, a pupil of grade six at St. Agnes' School was far in the lead at the start of the contest, but her advantage has been gradually cut down as votes for Peggy, who is one of the most popular pupils at the Parmenter school, have been pouring in. Miss Bond was only a few votes behind Miss McDonald up to late yesterday afternoon.

The contest is open only to girls of grammar school age. Outside of that there are no restrictions and with concerted efforts, newcomers in the contest still have a chance to win the large doll house that is to go to the winner. All that is necessary is to ask friends to clip the coupon appearing on the first page of today's News and send them to 23 Mystic street immediately. Address the votes to: Contest Editor, Arlington Daily News, 23 Mystic street. The name of the winning con-

testant will be announced in next Friday's Daily News. Watch for it! And, incidentally, the doll house which will go to the winner is now on display in the window of the Daily News office. Drop around to see it.

Arlington Girl Scout News

Week-end camping is becoming more and more a part of the Girl Scout program. Last week-end Mrs. Towne Beryl Sullivan and Eleanor Rowsell of Arlington attended the Newton Girl Scout camp course at Camp Mary Day at Natick. Mr. C. Bruce of the Norumbega Council Boy Scouts instructed in fire making, axeman-ship and other outdoor activities necessary to good camping. The discussion and instruction included all types of hikes, overnight camping, week-end camping, waterfront protection for Girl Scout expeditions and for summer camps, camp cookery and gadget making. Mrs. Towne assisted Miss Freeman, local director of Newton and Miss Sally Stickney, field captain.

April 30 was a busy day for Arlington Girl Scouts. In addition to assisting the local D. A. R. association at the tree planting, the Scouts took part in the state wide celebration.

Saturday, May 7, is the Arlington Girl Scout bugle and drum corps big day. It is the annual state competition of corps from all Massachusetts and interest and competition is keen. Arlington has been working hard all season for tomorrow and great results are expected. The contest is open to the public at the Boston Arena at 1 p. m. Tickets may be secured at the door, adults 50c; children under fourteen 25c; members of competing corps free. The Arlington corps will leave the old town hall at 11.45 promptly. Girls are urged to be on time. Substitutes and members of the second corps are included.

At the preliminary competition held at Newton, April 27, Drummer Emily Hughes and Bugler Eleanor Rowsell qualified for state contest and will represent Arlington tomorrow in the individual competition. Mrs. Towne captain of the local corps, is to be official judge in drum major work at the arena.

Last Saturday at Cedar Hill the Girl Scout committee of English folk dancing held a folk dance party in Great Hall. The Arlington senior orchestra played under the direction of Oronance Conant, teacher of English folk dancing, and received many compliments. The group is working hard for the annual rally to be held May 20 in the form of an old English May Day.

Troop six is fast becoming an outdoor troop. A beanhole supper is their latest accomplishment. In place of the Troop meeting during vacation week it was decided to hold an outdoor meeting in the form of a cook out. At suitably large pit was dug and lined with stones. Bright and early Thursday morning a roaring fire was built and kept going for several hours. Meanwhile the cooks were busy preparing bean pots. Promptly at noon the hot embers were

raked out, the bean pots put in the hole, embers replaced and the whole covered with wet canvas and earth. After six or seven hours of anxiety on the part of the cooks the beans were uncovered and proved delicious. Served with hot buttered rolls, steaming coffee and all the fixings the beanhole supper was voted the best ever. Dessert consisted of apple some mores. What are they? That's the secret. Frances Donahue was the hostess later at a marshmallow roast and camp fire held after a strenuous baseball game with "Pal" starring as pitcher.

The regional conference is to be held at Providence next Monday, Tuesday, Wednesday and Thursday. Several local council members are planning to attend and Mrs. Towne will attend the Wednesday and Thursday sessions. Region one takes in all New England states.

May 14 is circus day at Cedar Hill under the auspices of the First National Training School Association. This year May Monday Shines is the title. Arlington girls will present a gypsy encampment and Mrs. Towne asks that all scouts who possible can without expense wear gypsy costumes do so. Troops will make their own plans for the day and many will take the opportunity to hold that much wanted picnic hike. The show starts at 10.00 and continues to 4.00.
